

COVID-19 symptoms? Sydney Care can help.

Check your potential risk quickly with the 24/7 Sydney Care mobile app.

The Sydney CareSM mobile app is a quick and easy way to get health answers — without leaving home.

Assess your symptoms

If you're not feeling well, you can assess your symptoms on Sydney Care in three easy steps:

Connect with a doctor

If you need medical care after you assess your symptoms, the app will connect you to a doctor through a LiveHealth Online video session or Virtual Care text session.

The doctor you see through your telehealth visit can evaluate your symptoms, help you understand whether you're at risk for COVID-19, and let you know whether you need to visit a local health care provider for COVID-19 testing.

How much does it cost?

The Sydney Care Coronavirus Assessment always comes at no extra cost to you. Between now and June 14, 2020, you can get one Virtual Care text session for free. Additional Virtual Care text sessions cost \$19 each. If you choose to connect to a LiveHealth Online video session, depending on your plan's benefits, you may have out-of-pocket expenses.

Get started now

Download the Sydney Care mobile app. Within minutes, you'll be able to check your symptoms and connect to care.
