## My Premise Health

Welcome to your new health home.

It's time to register for My Premise Health.

Now that CareHere is part of the Premise Health family, you may see some changes at Butler Advantage Health & Wellness Center, but you're in good hands. You'll still receive the same high-quality care from the providers you know and trust. You're just getting a new and improved patient portal called My Premise Health.

Much like your CareHere portal, you'll be able to schedule appointments, view lab results and more. You'll also experience a simplified scheduling process, improved functionality and an upgraded electronic medical record (EMR) platform called Epic.

Learn more about your new portal and the transition to Premise Health at members.premisehealth.com/carehere.

Activate your account today.
Online at mypremisehealth.com or download the My Premise Health app.

My Premise Health

New check-in process
with the patient portal upgrade

Register your account

Your new My Premise Health patient portal is now live. You can register for your account through the My Premise Health app or online at mypremisehealth.com.
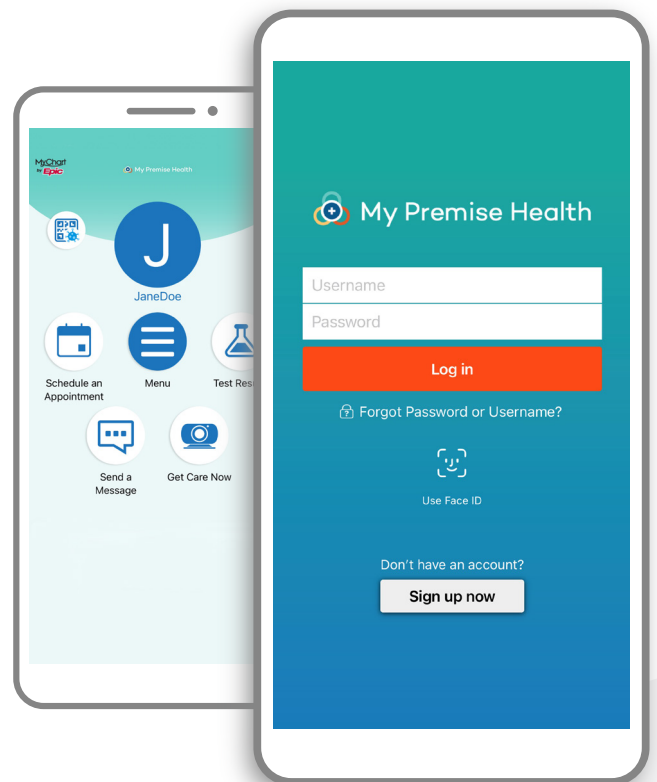

New visit instructions

Prior to your first visit after the portal upgrade on 02/28/2022, you will be asked to complete new patient paperwork.

- To save time, complete this paperwork within your My Premise Health account. Before you arrive for your visit, you'll log in to mypremisehealth.com or through the app. Select eCheck-in to complete the required forms and verify your health information.

- If you are unable to provide your information online, please plan to arrive 10 to 15 minutes prior to your appointment time to complete all the necessary paperwork at the center.

Future visits

After your initial visit and eCheck-in are complete, you will be asked to confirm and update your information as needed for future appointments.
