

Kroger Pharmacy is Leaving the Express Scripts Pharmacy Network January 1, 2023
For the latest information: www.express-scripts.com/networkchange
To avoid interruption, transfer your prescription to a different pharmacy.

Log in or register to search for in-network pharmacies near you. [Find a pharmacy](#)

How do you transfer a long-term medication prescription to a Smart90 Retail Pharmacy?

Here are three ways to make the switch:

- * Take your prescription bottle to your new pharmacy and they'll contact your current pharmacy to transfer your prescription.
- * Call your new pharmacy and ask them to transfer your prescription.
- * Ask your doctor to contact your new pharmacy with your prescription information.

How do you transfer a long-term medication prescription to Express Scripts Home Delivery?

Transfer your 90-day prescription to Home Delivery Express Script Pharmacy. Just call 866.275.0044 and they will contact your doctor to get a prescription or go express-scripts.com.

Reminder: Our Prescription Plan offers two choices to fill long-term maintenance medications

A maximum of three fills allowed at retail (up to a 34-Day supply) for a new maintenance drug. After that, a 90-Day supply of the drug must be filled at the Express Scripts Home Delivery Pharmacy or at a retail pharmacy in the Smart90 Standard Retail Pharmacy Network.

Manage your medication.
Anytime. Anywhere.

The Express Scripts® mobile app is like a pharmacy in your pocket. You can order refills, make payments, and even set up reminders to take your medication.

Express Scripts Mobile App

4.8 iOS App Store (03/12/2021)

4.8 Google Play Store (Version 11.9.0)
